Agilent Advantage Service not only protects your investment in Agilent instruments—it connects you with our global network of experienced service professionals dedicated to the success and productivity of your lab. So you can rest assured that every day, you are:

- maximizing your lab's throughput
- · producing reliable results with the greatest accuracy and sensitivity
- ensuring your instruments are fully compliant with industry regulations

Skilled engineers and remote diagnostics keep your system operating at peak performance.

With the most highly trained engineers in the industry and powerful remote diagnostics technology, Agilent completes over 85% of service calls the first day, and enjoys a 98% satisfaction rate among customers worldwide. With Agilent attending to your instrument system, you can stay focused on the work at hand.

Choose the plan that's right for you.

Agilent Advantage Gold: When your lab simply can't afford downtime.

Priority response coverage for high throughput labs that need mission-critical systems up and running at all times.

Agilent Advantage Silver: If optimizing lab productivity matters to you.

Ideal if you do not require the priority response of Gold, but want complete annual coverage to keep your system and lab operating at the highest levels.

Agilent Advantage Bronze: For keeping costs under tight control. A convenient way to protect your budget from surprise repair costs by covering unlimited telephone and on-site support plus all parts and consumables required to get your system back online.

Flexible Range of Services

In addition to the Agilent Advantage Service Plans, we also offer agreements covering annual maintenance and qualification.

Agilent Preventive Maintenance (PM)

This annual service agreement offers an affordable way to reduce instrument failures up to 25% and ensure peak performance.

Operational Qualification (OQ)

From the company ranked #1 in compliance, annual qualification services completely document regulatory compliance for your instrument.

Our measure is your success.
